Dear Ms. Suliestyah

Thank you for sending us the article. We are in the process to consider your work and have reached a decision regarding your submission to ISMCT, "The Adsorption of Fe (II) and Mn (II) in Acid Mine Drainage Using Various Granular Sizes of Activated Carbon and Temperatures" (Abstract ID : 1570728337)

The review process of your paper has been finished. The results could be found in the attachment. Please read all comments and suggestions from all peer reviewers that can be seen in the review form and/or in the manuscript. Make corrections accordingly and you are required to submit your revised paper along with your Submission Statement (attached) in one week before Wednesday, 11th August 2021. The paper will not be published if it is not sent until the limit time.

Re-submitting your manuscript does not guarantee eventual acceptance. Your revision might be resent to be reviewed.

Best regards,
ISMCT Editorial Team

Dear authors
ISMCT 2021

We invite you to view the final manuscript that will be published in the IOP Conference Series and confirm that you will require no further changes.

All authors must agree to the final version.
Check carefully that the title, authors' names and affiliations are correct, and that funding sources are correctly acknowledged.

Incorrect author names or affiliations are picked up by indexing databases and can be difficult to correct, and will require extra charge from IOP to revise.

Important:
Should you have corrections on the title, authors' names, affiliations, and others, please send the detailed corrections to ismct.tekmira@gmail.com by 26 September 2021 23:59 hours Jakarta, Indonesia time. Corrections after the deadline are not accepted.

Further information of the publication progress will be emailed to corresponding authors.
Thank you for your patience on the publication work.

Best regards,
ISMCT 2021 Secretariat
On behalf of the Editorial Board
