MS: 2024-01-11-01

Title: Coffee Agroforestry for Soil Erosion Control in the Upstream of Cililung Watershed, West Java, Indonesia

Refer: your manuscript submission to Environment Asia Journal in the title shown above

Dear Authors,

According to the evaluation results, we considered that your manuscript should be **revised**.

We hope the reviewers' comments in the attached files are of help to you for the improvement of the manuscript. You are also asked to carefully consider the reviewer comments and submit a list of responses to the comments and highlight where your corrections are in your manuscript.

And we would like to ask you rearrange your manuscript as follows (if it is not);

Page layout: size B5

Title: Time new roman 14B

Name, affiliation: Time new roman 12

*corresponding author: Time new roman 10

Abstract, keywords: Time new roman 12

Text: Time new roman 12 in one column

References: Time new roman 10

The reference format: use Vancouver format as example below (if it is not);

Paper in a Journal
Maier HR, Jain A, Dandy GC, Sudheer KP. Methods used for the development of neural networks for the prediction of water resource variables in river systems: Current status and future directions. **Environmental Modeling and Software** 2010; 25(8): 891-909.

Report
Office of Natural Resources and **Environmental** Policy and Planning. Songkhla Lake Basin development project: review of critical issues for Songkhla Lake Basin development 2013-2016 final report. Bangkok, Thailand. 2011.

Book
Evans JD. Straightforward statistics for the behavioral sciences. Brooks/Cole Publishing, Pacific Grove, California, USA. 1996.

Please submit your revised manuscript back to the editor via email address: environmentasiajournal@gmail.com, and please mention the manuscript reference number in the title.

Best regards,
Editor
