No. : B.742/1.7/KND.1/11/2024
Type : Regular
Attachment : 2 (two) documents
Subject : Coordination Meeting

Distinguished Participants
(Attached)

The National Commission on Disabilities (KND) is a non-structural and independent institution that directly reports to the President, which was formed based on Law Number 8 of 2016 concerning Persons with Disabilities and Presidential Regulation Number 68 of 2020 concerning the National Commission on Disabilities. KND as one of the National Human Rights Institutions (LNHAM) in the Republic of Indonesia has a very strategic role in ensuring respect, protection and fulfillment of the rights of persons with disabilities in Indonesia.

KND's work approach uses a twin track approach. In a top down approach, KND ensures the extent to which various regulations, policies, programs, budgeting and so on are aligned with and in line with the fulfillment of the rights of Persons with Disabilities. And in a bottom up approach, KND sees how Persons with Disabilities experience various aspects of development of disability inclusion based on the fulfillment of rights.

Based on research conducted by the Trisakti University and GERKATIN teams regarding the mental health of Deaf friends in Indonesia. Research shows that Deaf friends experience problems related to mental health. However, until now there is no official data that can be used as a reference. KND considers it necessary to hold a coordination meeting to hear directly the results of the research and hold discussions regarding the mental health of people with disabilities.

KND invites you to hold a coordination meeting regarding strategies and programs for prevention, early detection and treatment of mental health problems for people with disabilities. These activities will be carried out on:

Day, Sate : Friday, 15th November 2024
Time : 08.30-11:30 WIB
Location : Gedung Cawang Kencana Jakarta Timur

For further coordination, please contact Ms. Try Manullang (Special Adviser) via telephone number: 0813-1903-3651. Thank you for your attention and cooperation.
